

# Index to Volume 70

## AUTHORS\*

\*Book reviews, historical profiles, letters to the editor, and stamp vignettes are indicated in italic print.

### A

- Abdelmalek MF, 292  
Achkar AA, 565  
Acosta Madiedo JM, 983  
Acuña A, 1019  
Adams AC, 1093  
Adlakha A, 703  
Adson MA, 495  
Aghassian C, 570  
Ahmad S, 505  
Ali AT, 409  
Allen MS, 811  
Allison TG, 201, 734  
Alvarez S, 983  
Amadio PC, 1029  
Ames MM, 1053  
Andrews KL, 789  
April BS, 556  
Armstrong WF, 95  
Atkinson JLD, 1021

### B

- Baddour LM, 773  
Badley AD, 885  
Bailey KR, 132, 734  
Baker HL Jr, 1221  
Baker TB, 209  
Barrett DM, 28  
Bartleson JD, 477  
Bartlett RP, 1161  
Baty V, 570  
Bauer RR, 209  
Beard CM, 837  
Behns KE, 1022  
Belbel RJ, 103  
Benarroch EE, 617  
Berge KH, 1224  
Berger PB, 125  
Bergstrom LR, 829  
Berti JJ, 581  
Beyth RJ, 806  
Biela L, 223  
Biesecker LG, 603  
Bird SJ, 198  
Bitar RJ, 1130  
Bite U, 1226  
Björnsson J, 308, 641  
Blackshear JL, 434  
Blanco J, 1019  
Bleck TP, 195  
Blute ML, 821  
Bonelli FS, 1041  
Bonner JA, 1053  
Bordón J, 1019  
Bostwick DG, 395, 1137  
Breckle RJ, 526  
Breen JF, 223  
Bresnahan JF, 719  
Brodland DG, 409, 766  
Brown AW, 408  
Brown LR, 1215  
Brown RD Jr, 863

## SUBJECTS\*

\*Italic page numbers indicate editorials, letters to the editor, and corrections.

### A

- Abscess:** and postoperative mortality in patients with culture-positive active endocarditis, 517, 598  
**Absorption of drugs:** review of transcutaneous drug delivery, 581  
**Acquired immunodeficiency syndrome (AIDS):** Kaposi's sarcoma associated with, 869 lymphoma associated with, 665, 1224 skin cancers associated with, 766  
**Acute febrile neutrophilic dermatosis:** diagnosis and treatment of Sweet's syndrome, 234, 605  
**Acute myocardial infarction:** adjunctive therapy for, 464 enhancing results of reperfusion therapy, 1185 identification and treatment of complications of, 880 risk stratification in thrombolytic era, 87  
**Adenosine:** mechanisms of actions on cellular and clinical cardiac electrophysiology, 274 pharmacologic stress testing, 331  
**Adrenal tumors:** laparoscopic left adrenalectomy for aldosteronoma, 844 testosterone-secreting adenoma in adult female, 380  
**Aging patients**—see *Symposium on Geriatrics*  
**Agnogenic myeloid metaplasia:** extramedullary hematopoiesis manifesting as symptomatic pleural effusion, 1161  
**Airway management:** for cardiopulmonary resuscitation, 1172  
**Alcohol withdrawal:** in hospitalized patients, 777, 1224  
**Aldosteronoma:** laparoscopic left adrenalectomy for, 844  
**Algorithm:** for diagnosis and management of venous thromboembolism, 45, 506 Mayo connective tissue disease cascade, 183  
**Allergy skin testing:** laboratory tests for presence of specific IgE antibodies, 783  
**Alopecia areata:** incidence in Olmsted County, Minnesota, 628  
**Alzheimer's disease:** diagnosis and evaluation of dementia, 1093 nonpharmacologic approach to management of dementia-related behavioral disturbances, 1108  
**American Enlightenment:** influence on practice of American medicine, 298, 604  
**Amputation:** phantom limb pain and chemotherapy in pediatric amputees, 357, 512  
**Androgen deprivation therapy:** decreases extent of prostatic intraepithelial neoplasia, 395

- Anemia:** myelodysplastic (preleukemia) syndromes, 673  
**Anesthetic side effects:** intravenously administered dantrolene, 241  
**Aneurysm:** management of intracranial, 153, 405 rheumatoid vasculitis manifesting as intra-abdominal hemorrhage due to ruptured, 565  
**Angelman's syndrome:** genetic testing for, 1195  
**Angina:** adjunctive therapy for acute myocardial infarction, 464  
**Angioplasty:** early clinical experience with 60-mm-long balloon, 1061 effect of percutaneous transluminal renal artery on renovascular hypertension, 1041, 1127 enhancing results of reperfusion therapy, 1185  
**Angiotensin-converting enzyme inhibitors:** for treatment of congestive heart failure, 1080  
**Antiarrhythmic agents:** propafenone—potential neuropathic toxicity, 469  
**Anticoagulation:** adjunctive therapy for acute myocardial infarction, 464 bleeding and thromboembolism during, 725, 806 current therapeutic concepts, 266, 505  
**Antidepressants:** management of anxiety and depression in elderly patients, 999  
**Antioxidants:** for prevention of coronary artery disease, 69  
**Antiresorptive drugs:** treatment options for osteoporosis, 978  
**Anxiety:** recognition and management in elderly patients, 999  
**Aortic valve:** effect of involvement on survival after surgical treatment of culture-positive active endocarditis, 517, 598  
**Arteriovenous malformations:** stereotactic radiosurgical treatment of cerebral, 214, 305  
**Arthroplasty:** participation in sports after hip and knee, 342  
**Ascites:** and spontaneous bacterial peritonitis, 365  
**Aspirin:** adjunctive therapy for acute myocardial infarction, 464 desensitization—mediator release during, 481  
**Assisted suicide:** and euthanasia, 189 and the savings clause, 593  
**Asthma:** and neurologic manifestations of Churg-Strauss syndrome, 337 home peak expiratory flow rate monitoring in patients with, 649  
**Astrocytomas:** magnetic resonance appearance of pilocytic, 747

- Atherosclerosis:** insights into pathogenesis and prevention of coronary artery disease, 69

- Athletic injuries:** in youth ice hockey, 350 medical coverage for multievent sports competition, 549

- Atrial natriuretic peptide:** and blood pressure in a population-based sample, 932, 1015

- Autoantibodies:** cascade testing for, in connective tissue diseases, 183

- Autoimmune hepatitis:** HLA-DQ associations in type 1, 1154

- Autologous blood donation:** potential effect on blood supply, 37

- Autonomic failure:** clinical characteristics of orthostatic hypotension, 617, 713

- Autonomic nerve block:** for treatment of reflex sympathetic dystrophy, 1029, 1124

- Autopsy studies:** clinical characteristics of fatal pulmonary embolism in referral hospital, 417, 501

### B

- Babesiosis:** diagnosis in humans, 853  
**Bacteremia:** and intracerebral hemorrhage in liver transplant recipients, 443 chronic cough associated with subacute bacterial endocarditis, 662  
**Balloon angioplasty:** treatment of diffuse coronary artery and vein graft disease with a 60-mm-long balloon, 1061 treatment of renovascular hypertension, 1041, 1127  
**Bedside testing:** point-of-care laboratory tests, 493  
**Bedsore:** prevention and management of pressure ulcers, 789  
**Behavior management:** nonpharmacologic approach to management of dementia-related behavioral disturbances, 1108  
**Benign prostatic hyperplasia:** visual laser ablation of prostate, 28, 97  
**Benzodiazepines:** for treatment of alcohol withdrawal in hospitalized patients, 777, 1224  
**Biliary disease:** natural history of unresected cholangiocarcinoma, 425, 503  
**Biplane transesophageal echocardiography:** intraoperative examinations in patients with congenital heart disease, 317, 401  
**Bladder distention:** venous obstruction due to, 1077  
**Blood pressure:** and atrial natriuretic peptide in a population-based sample, 932, 1015 clinical characteristics of orthostatic hypotension, 617, 713

**Blood transfusion:** potential effect of autologous on blood supply, 37  
**Blue toe syndrome:** in 79-year-old woman, 292, 717  
**Bone pain:** characteristic of Schnitzler's syndrome, 570  
**Brachial plexopathy:** hereditary neuropathy with liability to pressure palsies and inherited, 743  
**Brain injury:** maximizing vocational outcome after, 1165  
**Breast carcinoma:** prognostic factors for patients with, 678  
**Bronchiolitis obliterans organizing pneumonia:** and chronic eosinophilic pneumonia, 137  
**Buccal cells:** "swish and spit" technique for collection of, 951

**C**

**Calcitonin:** increased plasma levels in aspirin-induced hypotension, 481  
**Calcium antagonists:** nimodipine—for intractable epilepsy, 623, 715  
**Cancer:** lung—complicating pregnancy, 384, 1130  
 skin—associated with acquired immunodeficiency syndrome, 766  
 testicular—primary chemotherapy for, 821  
**Candida parapsilosis:** suppressive therapy for prosthetic valve endocarditis induced by, 773  
**Carcinoid syndrome:** causing "spells," 757  
**Carcinoma:** breast—prognostic factors for patients with, 678  
 cholangiocarcinoma—natural history of unresected, 425, 503  
**Cardiac arrhythmias:** adenosine for diagnosis and treatment of, 274  
 heart rate variability analysis, 955  
 inducible ventricular tachycardia in patients with conduction defects, 132  
 narrow QRS complex tachycardias, 371  
**Cardiac lesions:** echinococcosis—unusual echocardiographic appearance, 657  
 papillary fibroelastoma—transesophageal echocardiographic detection of, 863  
**Cardiac rehabilitation:** costs of psychologic distress in patients with coronary artery disease, 734, 809  
**Cardiac transplantation:** increase in total plasma homocysteine concentration after, 125  
**Cardiomyopathy:** idiopathic restrictive in childhood, 634  
 right ventricular dysplasia, 541  
**Cardiopulmonary resuscitation:** current concepts in airway management for, 1172  
**Caregiver burden:** instruments for assessment of, 890  
**Carman, Russell Daniel:** a tribute to, 1215

**Cascade testing:** for autoantibodies in connective tissue diseases, 183  
**Castleman's disease:** subject review, 969  
**"CATCH 22":** DNA fluorescent probes for diagnosis of velocardiofacial and related syndromes, 1148  
**Cavitory pulmonary infarct:** in immunocompromised hosts, 66  
**Cerebral amyloid angiopathy:** hemorrhage, leukoencephalopathy, and dementia associated with seizures due to, 477  
**Cerebral aneurysms:** medical and surgical management of, 153, 405  
**Cerebral edema:** in fulminant hepatic failure, 119, 195  
**Cerebral ischemia:** cardiac papillary fibroelastoma causing, 863  
**Cervical disk prolapse:** imaging studies, 939  
**Chemotherapy:** and phantom limb pain in pediatric amputees, 357, 512  
 for testicular cancer—selection criteria and long-term results, 821, 911  
**Chest pain:** 39-year-old man with fever, cough, and, 1191  
**Cholangiocarcinoma:** natural history of unresected, 425, 503  
**Chromosomal deletions:** DNA fluorescent probes for diagnosis of velocardiofacial and related syndromes, 1148  
 linkage studies for diagnosis of hereditary neuropathies, 743  
**Chronic eosinophilic pneumonia:** and idiopathic bronchiolitis obliterans organizing pneumonia, 137  
**Churg-Strauss syndrome:** neurologic manifestations of, 337  
**Cirrhosis:** and spontaneous bacterial peritonitis, 365  
**Classification of morpha:** proposed new system, 1068  
**Clinical trials:** potential cost savings from identification of ineffective medical therapies, 707  
**Cognitive impairment:** delirium in elderly patients, 989  
 diagnosis and evaluation of dementia, 1093  
**Collagenous colitis:** mucosal biopsies and association with fecal leukocytes, 430  
**Computed tomographic myelography:** for diagnosis of cervical disk prolapse, 939  
**Computed tomography:** clinical and radiologic features of cerebral edema in fulminant hepatic failure, 119, 195  
 imaging appearance of pilocytic astrocytomas, 747  
 quantity of coronary artery calcium detected by, 223  
**Conduction block:** treatment of stable chronic demyelinating polyneuropathy with 3,4-diaminopyridine, 532

**Conduction defects:** failure of high-resolution electrocardiography to predict inducible ventricular tachycardia in patients with, 132  
**Congenital heart disease:** adult patients' knowledge of endocarditis prophylaxis, 50  
 biplane intraoperative transesophageal echocardiography in, 317, 401  
**Congestive heart failure:** diagnosis and outpatient management of, 1080  
**Connective tissue disease:** cascade testing for autoantibodies in, 183  
**Contraception:** after liver transplantation in women, 388  
**Coronary artery disease:** computed tomographic detection of calcification, 223  
 detection of silent cardiac ischemia with 12-lead real-time electrocardiographic monitor, 434  
 dobutamine stress echocardiographic assessment, 16, 95  
 exercise echocardiographic assessment, 5, 95  
 homocysteine concentration after cardiac transplantation, 125  
 pathogenesis and prevention, 69  
 pharmacologic stress testing, 331  
 psychologic distress in patients with, 734, 809  
 treatment with 60-mm-long balloon, 1061  
**CORRECTIONS**  
 Medical and surgical management of intracranial aneurysms (1995; 70:153-172), 405

**Leukocytoclastic vasculitis:** hepatitis C-related, 559  
**Leukoencephalopathy:** associated with seizures due to cerebral amyloid angiopathy, 477  
**Leydig cells:** testosterone-secreting adrenal adenoma containing crystalloids of Reinke in adult female, 380  
**Liver transplantation:** and intracerebral hemorrhage, 443 reproductive function and outcome of pregnancy after, 388  
**Localized scleroderma:** classification of morphea, 1068  
**Low-molecular-weight heparins:** current concepts in anticoagulant therapy, 266, 505  
**Lumbar laminectomy:** for spinal stenosis, 33  
**Lung cancer:** complicating pregnancy, 384, 1130  
**Lymphadenopathy:** review of Castleman's disease, 969  
**Lymphangiomyomatosis:** extrapulmonary in tuberous sclerosis complex, 641  
**Lymphoma:** associated with human immunodeficiency virus infection, 665, 1224 primary arising in spinal cord, 256  
**M**  
**Magnesium:** role in chronic diarrhea, 1091  
**Magnetic resonance imaging:** contrast-enhanced for postoperative follow-up of pulmonary artery sarcoma, 173 of pilocytic astrocytomas, 747  
**Major basic protein:** immunofluorescence staining for eosinophil-derived in pneumonia, 137  
**Malignant hyperthermia:** side effects of intravenously administered dantrolene in patients susceptible to, 241  
**Mask ventilation:** for airway management for cardiopulmonary resuscitation, 1172  
**Mast cell disease:** aspirin idiosyncrasy in systemic, 481 causing "spells," 757  
**Mayo connective tissue disease cascade:** diagnostic algorithm based on laboratory tests for autoantibodies, 183  
**Mechanical complications:** of myocardial infarction, 880  
**Mechanical ventilation:** ventilator care beyond the intensive-care unit, 595  
**Mediastinal masses:** parathyroid cysts, 946  
**Mediator release:** during aspirin desensitization, 481  
**Medical coverage:** for multievent sports competition, 549  
**Medical ethics:** endangered ethic—capacity for caring, 495 euthanasia and assisted suicide, 189  
**Medical practice:** influences of American philosophy and history on, 298, 604

**Medical services:** maximizing vocational outcome after brain injury, 1165

**Medicolegal issues:** assisted suicide and the savings clause, 593  
euthanasia and assisted suicide, 189

**Menstruation:** endometriosis—current management, 453

reproductive function and outcome of pregnancy after liver transplantation, 388

**Metabolic defects:** initial assessment of suspected inborn errors of metabolism, 987

**Minimally invasive techniques:** general surgical laparoscopic procedures for nonlaparologists, 1142

**Morphea:** proposed new classification of, 1068

**Müllerian anomalies:** transverse vaginal septum associated with tubal atresia, 965

**Myelodysplastic syndromes:** concise review, 673

**Myocardial infarction:** adjunctive therapy for acute, 464

enhancing results of reperfusion therapy, 1185

identification and treatment of complications, 880

risk stratification in thrombolytic era, 87

## N

**Neurogenic claudication:** lumbar decompressive laminectomy for spinal stenosis, 33

**Neuroleptic drugs:** pharmacologic therapies in dementia, 1116

**Neuromuscular disorders:** hypercapnia after low-flow oxygen therapy in patients with, 327, 403

**Neuropathy:** hereditary—with liability to pressure palsies and inherited brachial plexus, 743

neurologic manifestations of Churg-Strauss syndrome, 337

propafenone-induced peripheral, 469

**Neuroradiology at Mayo:** Röntgen centenary, 1221

**Nicotinic acid:** decreases serum thyroid hormone levels while maintaining euthyroid state, 556

**Nimodipine:** add-on therapy for intractable epilepsy, 623, 715

**Nitric oxide:** review and current clinical applications of inhaled, 247

**Noncaseous granuloma:** pathologic characteristic of sarcoidosis, 177, 604, 1019

**Non-Hodgkin's lymphoma:** primary spinal cord lesion, 256

**Nonketotic hyperglycemic syndrome:** during childhood, 62

**Nonsteroidal anti-inflammatory drugs:** enteropathy induced by, 55, 507

**Nursing home care:** overview of nursing home medicine for primary-care practitioners, 694

## O

**Obstructive sleep apnea:** new directions for pulse oximetry in sleep disorders, 591

**Oligohydramnios:** management of prenatally detected fetal hydronephrosis, 145, 603

**Orthostatic hypotension:** clinical characteristics, 617, 713

**Osteoporosis:** treatment options for, 978

**Outpatient management:** of congestive heart failure, 1080

**Oxygen therapy:** severe hypercapnia after low-flow, 327, 403

## P

**Pacemakers:** snare removal of fractured atrial lead retention wire, 376

**Pancytopenia:** in 27-year-old woman with felbamate-induced aplastic anemia, 185

**Parathyroid cysts:** mediastinal, 946

**Parvovirus B19:** systemic monocyte and T-cell activation in patient infected with human, 261

**Peak expiratory flow rate:** home monitoring in patients with asthma, 649

**Percutaneous endoscopic gastrostomy:** surgical gastrostomies and jejunostomies versus, 829, 914

**Percutaneous transluminal coronary angioplasty—see Angioplasty**

**Peripheral neuropathy:** propafenone-induced, 469

**Peritonitis:** spontaneous bacterial, 365

**Phantom limb pain:** and chemotherapy in pediatric amputees, 357, 512

**Pheochromocytoma:** causing "spells," 757

**Pilocytic astrocytomas:** magnetic resonance appearance, 747

**Plasma-cell type Castleman's disease:** subject review, 969

**Pleural effusion:** extramedullary hematopoiesis manifesting as, 1161

**Pneumonia:** chronic eosinophilic and idiopathic bronchiolitis obliterans organizing, 137

**Point-of-care testing:** bedside laboratory testing, 493

**Polydipsia:** rhabdomyolysis after correction of hyponatremia due to psychogenic, 473, 1225

64-year-old man with polyuria and, 703

**Polymerase chain reaction:** for detection of hepatitis C virus, 296

for diagnosis of babesiosis in humans, 853

"swish and spit" technique for collection of buccal cells for TAP haplotype determination, 951

**Polymorphonuclear leukocytes:** ascitic fluid count for diagnosis of spontaneous bacterial peritonitis, 365

**Polyneuropathy:** treatment of stable chronic demyelinating with 3,4-diaminopyridine, 532

**Population studies:** atrial natriuretic peptide and blood pressure in population-based sample, 932

bleeding and thromboembolism during anti-coagulant therapy—population-based study in Rochester, Minnesota, 725

incidence of alopecia areata in Olmsted County, Minnesota, 628

incidence of sudden infant death syndrome in Olmsted County, Minnesota, 837

stroke epidemiology in Novosibirsk, Russia, 847

utilization and outcome of surgical gastrotomies and jejunostomies versus percutaneous endoscopic gastrotomies, 829

**Postmenopausal women:** hormone replacement therapy in geriatric patients, 800

treatment options for osteoporosis, 978

**Prader-Willi syndrome:** genetic testing for, 1195

**Pregnancy:** current treatment of endometriosis-associated infertility, 453

lung cancer complicating, 384, 1130

outcome after liver transplantation in women, 388

**Prenatal ultrasonography:** management of fetal hydronephrosis detected by, 145, 603

urinary tract anomalies detected by, 526

**Prescription drugs:** for elderly patients, 685

**Pressure palsies:** inherited brachial plexus neuropathy and hereditary neuropathy with liability to, 743

**Pressure ulcers:** prevention and management, 789

**Presyncope:** 64-year-old woman with chest pain and, 1087

**Prognostic factors:** for patients with carcinoma of the breast, 678

**Proinflammatory cytokines:** systemic monocyte and T-cell activation in patient with human parvovirus B19 infection, 261

**Propafenone:** inducing peripheral neuropathy, 469

**Prostate:** clinical significance of prostatic intraepithelial neoplasia, 395

visual laser ablation of, 28, 97

**Prostatic intraepithelial neoplasia:** clinical significance of, 395

**Prosthetic valve endocarditis:** long-term suppressive therapy for *Candida parapsilosis*-induced, 773

**Psychogenic polydipsia:** rhabdomyolysis after correction of hyponatremia due to, 473, 1225

**Psychologic distress:** in patients with coronary artery disease—associated medical and economic costs, 734, 809

- Pulmonary artery sarcoma:** diagnosis and post-operative follow-up with contrast-enhanced magnetic resonance imaging, 173
- Pulmonary embolism:** algorithmic approach to diagnosis and management, 45, 506  
clinical characteristics of fatal in referral hospital, 417, 501
- Pulmonary hypertension:** inhaled nitric oxide therapy, 247
- Pulmonary infarction:** causing cavitary lung disease in immunocompromised hosts, 66
- Pulse oximetry:** clinical monitoring in sleep disorders, 591
- R**
- Radiation therapy:** for extramedullary hematopoiesis manifesting as symptomatic pleural effusion, 1161
- Radiosurgical procedures:** for cerebral arteriovenous malformations, 214, 305
- Recombinant immunoblot assay:** for evaluation of genotype-dependent serologic reactivities in patients with hepatitis C virus, 449
- Reflex sympathetic dystrophy:** value of autonomic testing in, 1029, 1124
- Rehabilitation:** of geriatric patients, 1198  
vocational—hospital-based services to maximize vocational outcome after brain injury, 1165
- Renal artery stenosis:** effect of angioplasty on renovascular hypertension, 1041, 1127
- Reperfusion therapy:** enhancing results in acute myocardial infarction, 1185  
see also *Angioplasty* and *Thrombolytic Therapy*
- RESIDENTS' CLINIC**
- 50-year-old man with fever and rhinorrhea, 489
  - 45-year-old man with dermatitis and weight loss, 785
  - 46-year-old man with hemoptysis, 83
  - 74-year-old woman with dyspnea, fever, and cough, 397

**"Swish and spit" technique:** for collection of buccal cells, 951

#### SYMPOSIUM ON GERIATRICS

Anxiety and depression in elderly patients, 999

Delirium in elderly patients, 989

Diagnosis and evaluation of dementia, 1093

Drug prescribing for elderly patients, 685

Foreword, 681

Hormone replacement therapy, 800

Introduction, 683

Medical care of nursing home residents, 694

Nonpharmacologic approach to management of dementia-related behavioral disturbances, 1108

Pharmacologic therapies in dementia, 1116

Pressure ulcers, 789

Primary-care approach to functional assessment of elderly persons, 890

Rehabilitation of geriatric patients, 1198

Rheumatologic diseases in elderly patients, 1205

**Syncope:** clinical characteristics of orthostatic hypotension, 617, 713

**Systemic mast cell disease:** aspirin idiosyncrasy in, 481

#### T

**T-cell lymphoma:** primary spinal cord lesion, 256

**Tachycardias:** inducible ventricular in patients with conduction defects, 132

narrow QRS complex, 371

**TAP haplotype:** "swish and spit" technique for collection of buccal cells for determination of, 951

**Testicular cancer:** primary chemotherapy for, 821, 911

**Testosterone-secreting adrenal adenoma:** containing crystalloids of Reinke in adult female, 380

**Thrombocytopenia:** 27-year-old woman with fever, increased bilirubin level, and, 983

**Thromboembolism:** algorithmic approach to diagnosis and management of venous and pulmonary, 45

and bleeding during anticoagulant therapy, 725, 806

clinical characteristics of fatal pulmonary embolism in referral hospital, 417, 501

**Thrombolytic therapy:** enhancing results in acute myocardial infarction, 1185

risk stratification for patients with acute myocardial infarction, 87

**Thyroid function:** commonly asked questions about, 573

**Thyroxine-binding globulin:** nicotinic acid decreases serum thyroid hormone levels while maintaining euthyroid state, 556

**Ticks:** human babesiosis in the US, 853

**Time-domain analysis:** in patients with conduction defects, 132

technique and applications of heart rate variability analysis, 955

**Tobacco use:** smoking in Russia, 1007

smoking status as a new vital sign, 209, 303

**Total hip and knee arthroplasty:** participation in sports after, 342

**Transcutaneous drug delivery:** practical review, 581

**Transesophageal echocardiography:** biplane intraoperative in congenital heart disease, 317

detection of cardiac papillary fibroelastoma by, 863

role in hemodynamically unstable patients, 925, 1012

**Transfusions:** potential effect of autologous donations on blood supply, 37

**Transplantation:** cardiac—increased homocysteine concentrations after, 125

liver—intracerebral hemorrhage after orthotopic, 443

—reproductive function and outcome of pregnancy after, 388

**Transverse vaginal septum:** associated with tubal atresia, 965

**Treadmill exercise echocardiography:** techniques and clinical applications, 5, 95

**Tubal atresia:** transverse vaginal septum associated with, 965

**Tuberous sclerosis:** extrapulmonary lymphangiomyomatosis and lymphangiomatous cysts in, 641

#### U

**Ultrasonography:** urinary tract anomalies detected by prenatal, 145, 526, 601, 603

**Urinary bladder:** venous obstruction due to distended, 1077

**Urinary tract anomalies:** detected by prenatal ultrasound examination, 145, 526, 601, 603

**Urticaria:** characteristic of Schnitzler's syndrome, 570

#### V

**Vasculitis:** rheumatoid manifesting as intra-abdominal hemorrhage, 565

**Velocardiofacial syndrome:** DNA fluorescent probes for diagnosis of, 1148

**Venous obstruction:** due to distended urinary bladder, 1077

**Venous thromboembolism:** algorithmic approach to diagnosis and management, 45, 506

**Ventilator-care patients:** transfer from intensive-care unit to alternative care sites, 595

**Ventricular dysplasia:** clinical manifestations and echocardiographic features of right, 541

**Ventricular tachycardia:** failure of electrocardiographic variables to identify patients at risk for, 132

**Vital signs:** addition of smoking status, 209, 303

**Vocational services:** maximizing vocational outcome after brain injury, 1165

#### W

**Warfarin:** bleeding and thromboembolism during anticoagulant therapy, 725, 806

current concepts in anticoagulant therapy, 266, 505

**Western tobacco companies:** and Stalin—smoking in Russia, 1007

**Withdrawal assessment for alcohol:** in hospitalized patients, 777, 1224

#### Y

**Youth ice hockey:** injuries in, 350
